Mr. Michael J. Bugeja
Lincoln

Dear Mike:

I share your indignation about the recent report on the coverage of the swine flu outbreak. I've been compiling some material on our coverage, with the view of responding to the professor who made some rather broad charges and far-fetched conclusions.

Our coverage, I feel, was generally good and your disclosure about the paralysis link was among the highlights.

Sincerely,

A handwritten signature in black ink, appearing to be 'H.L. Stevenson', written over the word 'Sincerely,'.
